## **PART 1 – 2025/2026 MTREF Annual Draft Budget Narratives**

### **1.1 Executive Mayor’s Report**

#### **FOREWORD BY HER WORSHIP EXECUTIVE MAYOR Cllr MAITULA B.M, ON THE 2025/2026 MTREF DRAFT ANNUAL BUDGET**

The honourable speaker of council, the chief whip of council, the leader of executive business, members of the mayoral committee, MPAC chairperson, the Chair of chairpersons, the leader of official opposition, honourable councillors, the administration lead by the Municipal Manager and members of the gallery, my very warm greetings to you all.

In line with section 24 (1) of the Municipal Finance Management Act, the Municipal Budgeting and Reporting Regulations, also guided by the budget circulars 129 & 130 of the Municipal Finance Management Act as issued by the National Treasury, please allow me honourable speaker to present in detail the 2025/26 MTREF final draft budget before this council for approval.

We also have taken into consideration, the mSCOA regulations wherein the latest 6.9 version of the mSCOA was used for the preparation of this budget.

Honourable speaker, we’re gathered here today to consider the approval of the 2025/26 MTREF budget that was considered in March 2025 by this council and also adopted for consultation purposes with all relevant stakeholders. I’m please honourable speaker to announce that we’ve conducted very successfully all the planned budget/IDP stakeholder consultations thanks to a job well done by your office in carrying out all the planned consultation programs.

We’re here today, honourable speaker, to consider for approval a budget that has taken into consideration various inputs and comments by all relevant stakeholders involved.

As the Sekhukhune District Municipality we’re very responsible in ensuring that the people of this district are provided with good quality drinking water and sanitation services. As such the provision of water and sanitation services remain our core function and a main focus area in terms of the preparation, implementation and monitoring of our budgets.

We’re please honourable speaker to report an improved trend of service delivery activities during the 2024/25 financial year. We also have noted with appreciation the improvements in the collection of own revenue in the current financial year, in particular the revenue collection in both the first and second quarters of the financial year.

Honourable speaker, though we’ve seen some improvements on collection of own revenue sources, we remain heavily dependent on the government grants and subsidies in terms of our funding model both on the service delivery and administration programs. The revenue unit of the municipality is currently in a process on intensifying the revenue collection measures that have proved to be very effective in ensuring that there are payments for services. We also have plans in place to ensure that the municipality’s revenue base growth even further to reduce the dependency on government grants and transfers.

The smart metering program has commenced with about 600 units already placed on order awaiting delivery and installation.

The smart metering program will assist the municipality not only in maximising revenue collection but also reducing the amount of water distribution losses and also detecting any form of illegal connections to our water infrastructure.

Honourable speaker, like all other institutions of government we were pleased to have the long awaited budget speech in the National Assembly by the finance minister on the 21<sup>st</sup> of May 2025. It was on the same date honourable speaker that a publication on the allocation of various revenue transfers and subsidies was made in gazette no. 52626 of the division of revenue bill to assist, in our case, the municipalities in projecting their annual revenue amounts for the 2025/26 MTREF.

Honourable speaker, the National Treasury have made the following allocations in a form of grants and transfers to the Sekhukhune District Municipality for implementation in the 2025/26 financial year.

- Equitable Share R 1.2 billion
- Expanded Public Works Grant R 8.4 million
- Municipal Infrastructure Grant R 425 million
- Finance Management Grant R 2.4 million

The following grant allocations were made for the 2026/27 outer year of the MTREF:

- Equitable Share R 1.3 billion
- Expanded Public Works Grant R 0.00
- Municipal Infrastructure Grant R 620 million
- Finance Management Grant R 2.5 million

Lastly the grant allocations for the 2027/28 outer year are as follows:

- Equitable Share R 1.3 billion
- Expanded Public Works Grant R 0.00
- Municipal Infrastructure Grant R 651 million
- Finance Management Grant R 2.6 million

Honourable speaker, the National Treasury has also allocated to our municipality the following indirect conditional grants for implementation through the provincial department of water and sanitation for implementation in the 2025/26 financial year.

- Municipal Infrastructure Grant R 142 million
- Regional Bulk Infrastructure Grant R 100 million
- Water Services Infrastructure Grant R 70 million

The allocations on the indirect grants for the 2026/27 outer year are as follows:

- Water Services Infrastructure Grant R 63 million

And the allocations on the indirect grants for the 2027/28 outer year are as follows:

- Water Services Infrastructure Grant R 66 million

Honourable speaker the following own revenue sources were projected and budgeted for over the MTREF:

In the 2025/25 financial year the following own revenue sources are budgeted for:

- Services charges R 119 million
- Interest on short-term investments R 63 million
- Interest on outstanding debtors R 26 million
- Other income R 4.8 million

In the 2026/27 outer 1 the following own revenue sources are budgeted for:

- Services charges R 124 million
- Interest on short-term investments R 66 million
- Interest on outstanding debtors R 27 million
- Other income R 5 million

And in the 2027/28 outer year 2, the following own revenue sources are budgeted for:

- Services charges R 127 million
- Interest on short-term investments R 68 million
- Interest on outstanding debtors R 28 million
- Other income R 5.2 million

The annual projections on the service charges were informed by the following Consumer Price Index percentages, 4.3% in the 2025/26 financial year, 4.6% & 4.4% in both the 2026/27 & 2027/28 financial years.

Interest on short-term investments are projected based on the actual interest earnings in both the current and prior year while the interest on outstanding debts was based on the projected amounts of outstanding debts for each of the financial year.

Other income sources include the sales of tender documents as projected and fines as well as the penalties charged through the community services department.

Honourable speaker, we've also projected a 5.15% salary increase for the 2025/26 financial year. The increase is aligned to the current and effective collective agreement and the Consumer Price Index rates in both the 2023/24 & 2024/25 financial years.

Annual budget on council remuneration is based on the actual annual increases on the upper limits of council members as gazetted by the minister.

Depreciation amounts are annual projections on the loss in use or lifespan on both the municipality's water infrastructure network and movable assets. The expenditure is non-cash in nature honourable speaker however our budget processes do require that all expenditure items be provided sufficient budget to avoid any instances of unauthorized expenditure.

Contracted services contributes largely to the total annual operational budget in the 2025/26 annual financial year and both the 2026/27 & 2027/28 outer years. The following services are contracted on a thirty six month basis and as such budget provisions were made on each service type:

- Security services
- Fleet services (Heavy and Light Vehicles)
- Maintenance of vehicles ( White & Red Fleet)
- Vehicle tracking services
- Asset insurance services
- Asset Management Support services
- Printing and publications
- Water meter reading services
- Bulk water supply
- Operating leases

The total annual operational expenditure on contracted services alone amounts to 30% of the municipality’s total annual operational expenditure in the 2025/2026 financial year (31% & 32% in the 2026/2027 & 2027/2028 outer years). The municipality is currently implementing a strategy to gradually reduce the contracted service expenditure to an acceptable 5% norm in the future.

The transfers and subsidies are the amounts budgeted in terms of the memorandum of understanding our district municipality has already signed with the three of our local municipalities (Makhuduthamaga Local Municipality, Elias Motsoaledi Local Municipality and Ephraim Mogale Local Municipality), on the devolution of powers wherein some of the operational maintenance functions are performed on behalf of our municipality by the local municipalities as agreed upon.

Other operational expenditure votes includes in detail any other operational expenditure votes budgeted for in the in the 2025/2026 financial year and the two outer years, the budget on other operational expenditure amounts to 18% of the annual operational expenditure budget in the 2024/2025 financial year (17% & 17% in both the 2026/2027 & 2027/2028 outer years).

Honourable speaker, we’re also presenting before this council the annual capital budget of the municipality for the 2025/2026 financial year and the two outer years as detailed. The draft annual capital budget includes projects funded through the equitable share allocation and those funded through the conditional grants, below are the details of our municipality’s annual capital budget:

## **1.3 The Executive Summary**

### **Legislative Background**

In line with section 34 of the Municipal Systems Act (2000), a Municipal Council –

(a) must review its integrated development plan –

- (i) annually in accordance with an assessment of its performance measurements in terms of section 4(i), and
- (ii) to the extent that changing circumstances so demand, and

(b) may amend its integrated development plan in accordance with a prescribed process.

Municipalities are also required, in terms of chapter 4, section 24 (1) of the Municipal Finance Management Act, to approve an annual budget at least 30 days before the start of the budget year. The municipality has prepared a final draft annual budget for the 2025/26 financial year and the Medium Term and Revenue Budget in line with the applicable municipal budgeting and reporting regulations together with circulars 129 of the Municipal Finance Management Act as issued by the National Treasury.

The budget preparation process did take into consideration the provisions of section 17 (1) (a) (b) (c) (d) of the Municipal Finance Management Act, by adopting an A schedule format of reporting. The final draft annual budget was also divided into both operational and capital budget as per the section 17 (2) of the Municipal Finance Management Act, *see the attached A schedule*.

The 2025/26 final draft annual budget related policies together with the procurement plan are also attached as accompanying documents to the draft annual budget of the municipality.

### **KEY FOCUS AREAS ON BUDGET PLANNING AND IMPLEMENTATION**

In preparation of the 2025/2026 medium-term revenue and expenditure budget, the following considerations were made having taken into account various legislated publications by the National Treasury as guidance on how municipal budgets are to be compiled for the 2025/26 MTREF.

The budget preparation process also took into account the mSCOA requirements on the 6.9 version adopted for use in the preparation and presentation of the 2025/25 MTREF budgets aligned with the mSCOA regulations and policy of the municipality.

The municipality did budget in total R 765 million towards the implementation of the capital projects during the 2025/26 financial year. (R 647 million & R 639 million in both the 2026/27 & 2027/28 financial years)

The R 765 million total capital budget in the 2025/26 financial year is funded through a combination of both direct & indirect conditional grants together with a portion of the equitable allocation broken down as follows:

- Water Infrastructure projects R 726 million
- Capital Replacement (Refurbishments) R 25 million
- Environmental Management R 5 million
- Planning and Economic Development R 4.1 million
- Office Furniture & Equipment R 3 million
- Motor Vehicles R 1.5 million

A total of R 55 million budgeted towards the installation of new pit toilets in areas that are very remote and rural without any waste water infrastructure in the ground. Beneficiaries are selected through a public consultation process ran in collaboration with the four local municipalities in the district.

The municipality also budgeted in total R 80 million towards the construction and installation of new boreholes throughout the district, the boreholes are fully equipped with pump house powered by a solar system with four 10 000 litres storage tanks and a reticulation of water pipes covering a radius of about two kilometres per the borehole. The project is aimed at addressing water provision back locks in rural areas that are severely affected while awaiting the completion of the bulk water projects.

The total annual budget on bulk water purchases amounts to R 100 000 000 in the 2025/26 financial year. The municipality is relying on the supply of bulk water from the Lepelle Northern Water to supply other areas where the municipal bulk water projects are currently under construction awaiting completion.

About 2 000 jobs are to be created on a temporary basis through the EPWP program that has in total R 8.3 million budget allocation in the 2025/26 financial year.

The district municipality also budgeted in total R 20 million in transfers and subsidies towards the operations and maintenance program signed together with the four local municipalities. R 30 million is allocated towards the program in each of the two outer years.

## **Annual Revenue Budget Projections and Assumptions**

*Government grants and subsidies*, the annual revenue on government grants and subsidies is as per the Division of Revenue Bill published in Government Gazette No.52626 of the 21st May 2025 following the tabling of the national budget by the finance minister on the same date.

*Tariffs on service charges*, the municipality has set and budgeted for a 4.3% cost reflective annual tariff increment. The tariff increased is aligned with the consumer price index for the 2025/2026 financial year. The 2026/27 and 2027/2028 annual were both set at 4.6% and 4.4% having considered the consumer price index projections in both the two outer financial years as per the circular 130.

*Interest on short-term investments*, the annual revenue budget on interest from short-term investment projections were informed by both the actual and interim interest earnings on short-term investments as at 31 December 2024 and the audited annual total interest earnings on short-term investments as at 30<sup>th</sup> June 2024.

*Interest in outstanding debtors*, the total cumulative debt book balances as at 30<sup>th</sup> April were the determining factors having considered also the payment history on individual debt balances to-date.

*Other Income*, other income projections were informed mainly by the sales of tender documents in the current year as well as fines and penalties charged by the municipality at mid-year of the 2024/25 financial year and 2023/24 financial year as audited.

## **Employee Related Cost**

The employee related cost has increased by 4.8% going into the 2025/26 financial year having considered the consumer price index projections and the new collective agreement signed by all parties to the salary negotiations of the municipal officials. The municipality has also made a provision for the travelling expenses of the municipal officials included in the 4.8% increase.

## **Remuneration of councillors**

Remuneration of councillors has increased by 5.3% having considered the gazetted upper limits on members of the municipal council, included in the 5.3% increase in also a budget provision for the travelling expenses by council members when executing council activities throughout the 2025/26 financial year.

## **Inventory Consumed**

The bulk water purchases budget has increased quite significantly as the municipality is planning to reduce the debt owed to the Lepelle Northern Water in the 2025/26 financial year. Sufficient budget allocation has to be provided to process payments towards the old debt while servicing the current bulk water account. The budget on bulk water has increased by R 82% from the 2024/25 financial year going into the 2025/26 financial year.

## **Depreciation**

The annual budgeted depreciation amount has increased by 4.4% going into the 2025/26 financial year as the municipality has completed and capitalized about five capital projects in the current year and still anticipate to complete few more projects during the 2025/26 financial year.

## **Contracted Services**

The expenditure on contracted services is expected to reduce by 12% going into the 2025/26 financial year as the municipality continues to implement its strategy on the reduction of the contracted services.

## **Transfers and Subsidies**

The transfers and subsidies budget will remain R 20 million in the 2025/26 financial year, same amount was allocated during the 2024/25 financial year to local municipalities in support of the operations and maintenance agreement signed with all the four local municipalities in the district. There was no evidence of a need to increase the budget going into the 2025/26 financial year.

## **Other Expenses**

Other operational expenses will increase by 16% going into the 2025/26 financial year, other operational expenses include the other service delivery programs such as the support to the SMME's through the business support programs without having to contract other third parties in implementing the programs.

The municipality's financial position maintains an improving trajectory throughout the 2025/2026 MTREF with favourable cash balances boosted by the interest earnings from the short-term investments, the VAT refunds, other debtors and the property, plant & equipment.

The municipal's current ratio remains well above the 1.5 norm throughout the MTREF. The overall liquid measurements of the municipality remain strong above the required norms throughout the MTREF.

The municipality is maintaining, on average, R 5 billion worth of the water and sanitation infrastructure assets, the entire infrastructure network recently went through a process of conditional assessment where

a professional determination was made that the municipality will be able to operate for the foreseeable future having observed the lifespan of the current infrastructure assets.

The municipality's current liabilities include the bulk water supply, retention amounts, trade creditors and current portion of the provisions on employee benefits. The municipality is also able to pay its creditors when they become due for payment.

The municipality's maintains a very stable cash flow position throughout the MTREF with positive cash balances. The municipality continues to rely heavily on government grants and subsidies, government grants alone amount to 88% of the municipality's total funding in the 2025/26 financial year. In total the municipality is expected to receive R 1 654 191 000 in government grants during the 2025/26 financial year. The collection on own revenue is improved quite significantly during the 2024/25 financial year as the municipality continues to implement the credit control policy on non-paying customers. The actual revenue collection was reported at 114% in the first quarter and 57% in the second quarter of the current financial year. The collection on own revenue sources is expected to improve even more during the 2025/26 financial year as the municipality will be implementing additional measures of collection on services

charges. The municipality has planned to collect in total R 225 036 000 in own revenue during the 2025/26 financial year.

The municipality is quite certain that the all the government grants and subsidies allocated to the municipality in terms of the Division of Revenue Bill will be transferred to the municipality in three different instalments during the 2025/26 financial year.

The actual interest earnings from short term investments were reported at R 39 000 000 as at 31 December 2024, the actual annual earnings on interest from short-term investments is expected to be a total of R 61 million as at 30<sup>th</sup> June 2025. The municipality has planned to make several short-term investments throughout the 2025/26 financial year with various banking institutions, the total annual earnings are expected to be R 58 000 000 for the 2025/26 financial year.

The municipality has received in total R 118 000 000 in VAT refunds from the South African Revenue Service from the 1<sup>st</sup> of July 2024 to 30<sup>th</sup> February 2025. The municipality has maintained a good filling history of the VAT 201 returns, all returns filled successfully till end of February 2025, and the municipality has also received all refund amounts from SARS till end January 2025 awaiting one month refund for February 2025. It is expected that all the budgeted VAT refunds shall be received from SARS during the 2025/26 financial year.

Suppliers and employees are expected to cost the municipality a total of R 1 176 835 000 during the 2025/26 financial year. These expenses will be covered by the total available cash receipts of R 1 879 227 000 total available funding from a combination of the government grants and own revenue sources. Suppliers include in total the day to day administrative expenses and the contracted services related to various service delivery programs.

Capital payments include all the payments to contractors for the planned implementation of the budgeted capital projects in the 2025/26 financial year and the MTREF. These expenses are fully funded within the R 1 879 227 000 total receipts added to the R 249 997 000 opening bank balance of the municipality during the 2025/26 financial year.
